

Kevin Ørskov

Højvangshaven 37 – 6700 Esbjerg, DK • 42 95 91 21 • kevin.2703@hotmail.com

Education

Business Academy SouthWest
A.P. Computer Science

Sep 2013 - Jan 2016

Technical High school, Esbjerg
Higher Technical Examination (HTX)

Aug 2010 - July 2013

Work Experience

Onlinepanelet.dk

Marketing coordinator

May 2014 - July 2014

- I did this project in collaboration with a partner where we did e-mail marketing. My partner took care of acquiring the co-regs where I was responsible for developing the newsletters, picking the best performing campaigns, analyzing results and optimizing the newsletters in order to increase the ROI.

Projects

Fire & Rescue (2014) - Esbjerg • Java

- A 2nd semester exam project. The application could register time, and calculate the correct salary for the part-time firefighters.

Konkurrence Hub (2015) • Android - Java

- An Android application that gathers and presents Danish 3rd party sweepstakes in a clear and stylish interface. Users are then able to navigate and participate in these sweepstakes.
The application is fetching the sweepstakes from an external cloud-based source and thereby keeping the sweepstakes up to date.
